
NOHRD Wall Compact

Description

This streamlined fitness wall boasts sleek new contours and a contemporary look for full-body workouts, strength and endurance training.

The NOHRD Walls fitness stations are ideal for full-body cardio and weight training workouts, featuring a high/low adjustable cable machine, our newly designed cross country ski trainer and a full set of our leather-stitched free weights:

NOHRD SwingBells. It's also possible to incorporate further equipment into the software via Bluetooth to add more range or focus to your workout sessions.

Wall Compact
